¹ Use with caution, product **may** kill snails and algae! *

² Use with caution, product **will** kill snails and algae! *

³ Only freshwater, not saltwater!

? = Unknown

N/A = Not applicable

* Do not let shrimp, crayfish and fish eat these dead and decomposing snails and algae, because they may cause food poisoning when eaten. When you have shrimp, crayfish or fish, which eat this dead material, we recommend to remove dead snails / algae and syphon the bottom during and directly after treatment.
